Dear Motor Carrier:

This letter is to notify you of your USDOT Identification Number and to draw your attention to the requirement for Marking of Commercial Motor Vehicles in section 390.21 of the Federal Motor Carrier Safety Regulations. A copy of this regulation is enclosed. Its primary purpose is to assist enforcement personnel in properly identifying motor carriers, thereby assuring the submission of accurate data to the Federal Highway Administration (FHWA). The number also affords the public a way to quickly and accurately identify a motor carrier operating a particular commercial motor vehicle.

If you are operating as a private motor carrier of property or passengers in interstate commerce, as a for-hire motor carrier of property in interstate commerce not subject to regulation by the Interstate Commerce Commission, or as an interstate motor carrier of migrant workers, this regulation requires you to mark all of your "self-propelled motor vehicles" (generally straight trucks and truck tractors) in accordance with the enclosed.

The following USDOT Identification Number is assigned to the motor carrier identified above:

USDOT681215

This letter is being sent to every motor carrier recently added to FHWA records. There has been no attempt to differentiate among private, migrant worker, for-hire, or other types of motor carriers because many carriers conduct operations in a combination of these classifications. If you have questions about compliance with this requirement, please contact the office shown below:
